Introduction

Welcome to your Personalised Monthly Report

This report shows the astrological trends influencing your life over a period ranging from days to months or years, depending on the time frame used.

The duration of each trend is indicated by a starting date, an ending date and strongest influence date. Further, an influence may begin before the time frame of the report or end beyond it.

The accuracy of the timing of the forecasts is dependent on the accuracy of the birth time. Be prepared to slide the sequence of trends either forwards or backwards in time if necessary. In some instances, there may be interpretations that repeat themselves. This is due to the cyclical and forward and backward motion of the planets activating points on your chart more than once in the period under review.

As you will find, the forecast interpretations can be positive and/or challenging. Their effects can be experienced either directly personally or through events in the lives of others in the environment. Some trends will be more apparent than others, while others may be subtler. What is most important is how you respond to them.

Before 1 Mar 2018 to Beyond 31 Mar 2018, Transiting Pluto is Sextile your Natal Moon

During this period, you may feel motivated to change your relationship with your family and, if necessary, heal any long-standing hurts or difficulties. This can also be a good time for transforming or changing your domestic arrangements. Possibly, you may move house or relocate to another place at this time.

Before 1 Mar 2018 to 6 March 2018, Transiting Saturn is Square your Natal Saturn

During this period, transiting Saturn is making a dynamic aspect to its natal position; hence you are again facing another turning point in your life with regard to your personal development and future direction. Essentially, this current phase of life is being brought sharply into focus - for scrutiny and review - and to an inevitable conclusion. This is now a time for determining your priorities and facing certain realities. Attempt to simplify and reduce your life to absolute basics by systematically separating from situations that are no longer relevant or sustainable. These may take the form of people, places, lifestyles,

relationships, jobs, behavioural patterns and habits. Genuine sacrifices and, in some cases, separations are necessary in order to move forward. If you knowingly hold on to something or someone that may be preventing you from growing, you will risk inhibiting your personal development at many levels. Difficulties will no doubt be apparent now, but if confronted and dealt with, the long-term gains outweigh the short-term pains. Expect to lead a more modest and simple lifestyle, with the need to consolidate and economise. At this time, put reason before emotion or sentimentality. You are in the process of inner change and transition. Taking a bold step, past the point of no return, away from former structures may be required now.

Before 1 Mar 2018 to 16 March 2018, Transiting Moon's North Node is Conjunct your Natal Mercury

At this time, you have a strong need to link up with intellectually stimulating and interesting people. This can also be a good time for making business contacts and for negotiating and exchanging ideas with others.

Before 1 Mar 2018 to 2 March 2018, strongest around 1 March 2018, Transiting Venus is Square your Natal Neptune

Watch out! Unrealistic notions of love may cloud your thinking during this period. There is a risk of being misunderstood, or of having your romantic hopes dashed. Artistic creativity, however, is enhanced.

Before 1 Mar 2018 to 29 March 2018, strongest around 8 March 2018, Transiting Saturn is Square your Natal Jupiter

Even the most optimistic people in the world can expect to have their enthusiasm tested during this transit. Whatever your lifestyle, you will have to work harder for success now. This is a time for taking stock of things and cutting back. Maintain faith in your abilities, exercise patience and perseverance, proceed with caution and soon any obstacles will be overcome. This can be a good time for business and real estate, because you will be more careful now than usual and less likely to over-stretch yourself or your budget. Money will be tighter, so take great care with investments and expenditures. This is not a particularly good time to change jobs. If you are feeling dissatisfied with your current work, taking up a new position will not alleviate the dissatisfaction. Instead, wait until the transit passes and review your circumstances then. If you are naturally impatient and restless, you will tend to
