The 1st House

The 1st House describes you, your self-expression and vitality. It is your physical appearance and the way others see you and interact with you. The 1st House cusp is, in most cases, the Ascendant or Rising Sign of your chart and indicates your primary motivation in life. The house placement of your 1st House ruler, or almuten, shows the areas of life that are of primary importance to you. Also, planets in your 1st House influence how you present yourself to the world.

You project an aura of confidence and self-assurance that announces to the world "I know who I am and what I'm worth". You have a strong desire to become important or to gain the esteem of others. You have a knack for attracting the attention of important and even well-known or famous people. Other people respond to the sheer warmth, vibrancy and power of your personality.

Ascendant Opposition Moon (6z01' A)

Readily adaptable, you will bend over backwards to accommodate others and cater to their needs. You have natural warmth, coupled with an ability to make others feel at ease in your company. Women play an important role in your life and you will have many contacts with them. Alternatively, you can be overly sensitive and touchy, and changeable and inconsistent towards others. Difficulties can arise with others through moody and reactive behaviour. You experience periods of feeling susceptible and vulnerable to external influences. Your relationship with your mother may be testing at times.

stimulating ideas and thoughts with others. If other factors support it, you may be good at business and negotiating deals.

Neptune in 1st House

You tend to radiate a dream-like quality that draws others to you. You are highly receptive to environmental influences and other people. Positively, you have a keen imagination, intuitive and creative gifts, coupled with the power of inspiration. In contrast, care is necessary with intoxicants, as these can over-stimulate your nervous system. You can expose yourself to exploitation by others by being too yielding or impressionable.

Neptune in Cancer

You have a deeply feeling nature, coupled with spiritual perception. You are highly instinctive and receptive to the emotional needs of people. You have the power of empathy. On occasion, you can be nostalgic about the past and very idealistic about your family, homeland and nation's heritage.

Aspects to Neptune

Neptune Opposition Moon (3z07' A)

You are highly perceptive and sensitive to influences around you and able to pick up on the feelings of others and the mood of the environment. Your empathic manner attracts others to you and you know how to comfort and heal those in need. You tend to have an idealistic outlook on life and can be quite dreamy at times and content to just go with the flow. You are easily inspired and have a vivid imagination with the ability to tap into a wide range of creative talents, including music, poetry, painting and photography. Your dream-life is highly active and you possess a certain psychic sensitivity. At times, you need to be alert to deceptive influences or undermining emotional currents within the family or involving women.

Neptune Trine Venus (6z32' S)

Good taste, refinement and artistic appreciation or talent is the promise of this planetary pairing. You have a keen sense of beauty, coupled with creative imagination and inspiration. You may develop a talent for music, dance, drama, poetry, painting or photography. Emotionally, you are highly romantic and inclined to dream and wish for perfect love. In regard to matters of the heart, you are idealistic, a bit ungrounded and susceptible to seducing influences.

Neptune Opposition Jupiter (4z36' S)

You are a selfless and compassionate person who is receptive to the needs of others. Spiritual subjects interest you greatly and it is possible that you possess psychic ability. You have a great amount of imagination and inspiration, which you may effectively channel into creative expressions such as music, theatre, dance, film or painting. You are essentially an idealist who sometimes sees the world through rose-tinted glasses. As a result, you can perceive situations to be quite different to what they are in reality. On a mundane level, you may have an enthusiasm for gambling and risk-taking; however it is impossible to tell if your speculations will succeed or fail - so you need to take care, especially if you cannot afford to lose.

Neptune Square Saturn (0z47' S)

These two planets are almost polar opposites: Saturn represents reality and boundaries and Neptune represents that which is beyond reality and without boundaries. Having this aspect means you experience periodic struggles between pursuing your spiritual inclinations and meeting the demands of the material world. Physically, you are prone to re-cycling bouts of low vitality and illness. In spite of the challenges you encounter in life, you never waver in your desire to help others.

The Qualities and Elements

The signs of the zodiac are grouped into two basic categories. These are known as the Qualities and the Elements. The Qualities describe fundamental modes of activity and the Elements describe temperament. There are three Qualities: Cardinal, Fixed & Mutable and four Elements: Fire, Air, Earth & Water. Your horoscope has varying degrees of each Quality and Element. The percentages you have of each will determine their importance in your life. The higher percentages will be more powerful in your life, the lower percentages will be less powerful.

The Qualities

50% Cardinal

The Cardinal signs are Aries, Cancer, Libra & Capricorn. The more planets you have in any of these signs the more Cardinal you are:

Cardinal people are action oriented and initiating. They are interested in promoting change and bringing new things into the world. They are direct, assertive and like to take charge of situations. They are ambitious, independent and dislike being supervised. They are good at starting projects, but not so good at completing them. They have abundant enthusiasm and are very resourceful. Cardinal people generally don't hold grudges.

They tend to do one thing at a time and are extremely practical in their approach to everything. They are not easily influenced by others and can be quite firm or stubborn once their minds are made up about something. They tend to hold onto things and are reluctant to change. They are staunch, but they can also be inflexible and at risk from becoming set in their ways.

17% Mutable

The Mutable signs are Gemini, Virgo, Sagittarius & Pisces. The more planets you have in any of these signs the more Mutable you are:

Mutable people are the most flexible of the three types. They are able to go with the flow. They are changeable and adaptable, but also indecisive and restless. They are sensitive to the opinions of others, but they can also be impressionable and easily influenced by environmental circumstances. Mutable people lack the stubbornness of the Fixed signs and the forcefulness of the Cardinal signs, which makes them good mediators and go-betweens.
